

2009-05-21 - Czech Arbitration Court Pilot Project

- **Category:** gTLDs
- **Topic:** Czech Arbitration Court UDRP Pilot Project
- **Board meeting date:** 21 May 2009
- **Resolution number:** 2009-05-21-04
- **URL for Board minutes/resolution:** <http://www.icann.org/en/minutes/minutes-21may09.htm>
- **Status:** Completed

Summary

Board approved the Czech Arbitration Court's (CAC) request to implement its piloted electronic filing services for UDRP proceedings.

Text

Whereas in January 2008 the Czech Arbitration Court (CAC) was authorized as an approved provider for dispute resolution services under the Uniform Domain Name Dispute Resolution Policy;

Whereas in June 2008, the CAC proposed to test two services allowing for electronic filings and simplified service for the administration of UDRP proceedings before the CAC;

Whereas ICANN posted the CAC's proposal for piloted services for public comment and did not received any objection;

Whereas the CAC's pilot period expired on 12 April 2009 and no material problems were reported with CAC's system;

Whereas CAC wishes to implement the piloted services on a permanent basis in providing UDRP proceedings; and

Whereas the piloted services do not require an amendment to the Rules governing UDRP proceedings.

It is hereby resolved (2009-05-21-04) that the Board approves CAC's request to implement its piloted electronic filing services on a going forward basis, including the: (1) simplified filing of signed hard copies; and (2) the use of the "electronic only" signature authentication process to allow for electronic signing and filing of documents, and corresponding hard-copy service by the CAC.
