THE NEW NARALO
MONTHLY CALLS PRESENTS

DNS ABUSE, EPDP, AND ICANN 73 SOCIAL MEDIA CAMPAIGN RESULTS

Alan Greenberg
Denise Hochbaum
Jonathan Zuck

MAY 9, 2022
DOOR OPENS AT 19:00 UTC* (90 MIN)

The DNS Abuse and EPDP Temporary Specification for gTLD Registration Data ("EPDP" for short) were two themes that the NARALO members saw almost a year ago. At the time of their presentations, these were trending topics within ICANN, and they still are.

We have invited Jonathan Zuck and Alan Greenberg to bring us up to date and go over these two efforts. Their presentations will remind us of what was presented before, so if you did not attend these presentations, no worries, you will be able to put them in context and follow them.

For six months, Denise Hochbaum has led the At-Large social media working (SMWG) group. She will present the ICANN 73 Social Media Campaign results to the region.
