

# SSAC Review

**Organizational Reviews**\* assess the effectiveness of ICANN's supporting organizations and advisory committees. Organizational Reviews are conducted by independent examiners to assess: (i) whether that organization, council or committee has a continuing purpose in the ICANN structure; (ii) if so, whether any change in structure or operations is desirable to improve its effectiveness; (iii) whether that organization, council or committee is accountable to its constituencies, stakeholder groups, organizations and other stakeholders.

The [second Security and Stability Advisory Committee Review \(SSAC2\)](#) implementation was considered complete in March 2021. The Board took action on 12 June 2022 to defer the Third Review of the Security and Stability Advisory Committee. See the Board resolution [here](#).
