Meeting Description:

A two-hour Beginner's Level At-Large community training call introducing the basic operation of the Confluence wiki that At-Large wiki pages are currently transitioning to is being planned. Naveed Tahir-Kheli, ICANN Applications Development Manager will be the trainer.

During this call, Naveed will outline the features of Confluence, introduce the At-Large Confluence wiki pages, provide participants with the knowledge of how to access, create, and edit the At-Large wiki pages, as well as answer questions.

All members of the At-Large community who are have not yet been introduced to Confluence are encouraged to participate in this training session.

This call will be conducted in English only due to insufficient interpretation demand.

Presenter: Naveed Tahir-Kheli, ICANN Applications Development Manager

Participants: Alan Greenberg, Darlene Thompson, Dev Anand Teelucksingh, Manuel Schneider, Ron Sherwood, Sandra Hoferichter, Sebastien Bachollet, Tijani Ben Jemaa, Yaovi Atohoun, Pastor Peters, Siva Muthusamy
