Responsibilities of the Thematic Group Leadership Teams:

Subject Matter Experts will provide background information about the topics discussed in your group. They will answer any question you have about the topics and give you some of the history and facts. They are here to help you.

Moderators will facilitate the discussion among the participants in the group and to stimulate good debate and discussion. The Moderators will also be making sure the group progresses in its discussions and conclusions.

See: ATLAS-II_moderation-criteria.pdf

Reporters/Rapporteurs will listen to all of the discussions and their responsibility will be to work with the group in drafting a final Statement that the group will be designing.

See: ATLAS-II_reporting-criteria.pdf

Notes from Christopher Wilkinson concerning all Thematic Groups.
