Archive -- List of CCG Participants

Please note that as of 10 October 2014, ICANN has published a Revised Enhancing ICANN Accountability Process and Next Steps which establishes a Cross Community Working Group (CCWG) in the place of the previously known Cross Community Group (CCG) and Coordination Group (CG).

A Drafting Team has been formed to develop a charter for the CCWG. They are conscious of the several stakeholders that have already expressed an interest in the accountability process and the originally proposed Cross Community Group. Participation in the CCWG will be open and inclusive.

Below is a list of stakeholders who expressed an interest in the originally proposed Cross Community Group:

Participants are listed in order of name submission.
