Tom Lowenhaupt:3rd level

Evan Leibovitch:Actualy, com.com is selling THIRD level domains

Evan Leibovitch:com.com is itself a second level domain

Glenn McKnight:co.com

Joly MacFie:I don't see what's so alternative about it.

judith hellerstein:neither do i. good question Joly

Glenn McKnight:#Joly we discussed the various swag for the outreach today too

Joly MacFie:but I guess it is relatively unregulated

Heidi Ullrich:@Garth - Holly will be speaking about Privacy/Proxy issues

Evan Leibovitch:Other examples are uk.com. etc

Glenn McKnight:I think Alan is chosen for the academy

Ogi Mitev:what is the leadership academy?

Evan Leibovitch:Joly: for a new business, a domain.co.com is an alternative to domain.TLD

Glenn McKnight:ICANN Academy

Terri Agnew:Pre-ICANN LA Academy Leadership Training: <https://community.icann.org/display/atlarge/At-Large+Participation+in+the+ICANN+Leadership+Training+Program+2014>

Ogi Mitev:thanks

judith hellerstein:Yes. I would also like to sign up as well

Evan Leibovitch:It'

Ogi Mitev:how do we sign up?

Heidi Ullrich:You have to be selected and then endorsed by the ALAC

Evan Leibovitch:'s"alternative" by using third level, so you buy not directly from the registry, but from an existing 2LD owner.

Glenn McKnight:@Garth I think we missed the discussion of VICE CHAIRPERSON when Alan was speaking. Looked on the agenda but it's not there

Heidi Ullrich:there are only 5 slots for At-Large

Garth Bruen:@Joly - alternate uses

Joly MacFie:just nitpicking language

Joly MacFie:to avoid further piss taking down the line

Ogi Mitev:thank you Heidi!

Evan Leibovitch>Note: a 3LD is still subject to the regulations guiding the 2LD (in this case, co.com) *as well as* any regs laid down by the 2LD

Ogi Mitev:thank you Heidi!

judith hellerstein:@Joly if you want to play with their pod I can send it to you

Terri Agnew:Eduardo is no longer on telephone
