

Asia Pacific Community Feedback

Dear friends,

This is a feedback platform dedicated to the receiving and consolidation of feedback from our Asia Pacific Community members.

The creation of this platform originated from the discussions at the *APAC Space* session at ICANN52 in Singapore, and we are happy to present this page to you for your use.

All thoughts, suggestions, comments and inputs on any issues regarding ICANN are welcome. All feedback will be posted on this page in the spirit of transparency, and will be consolidated for discussion at the next APAC Space session in Buenos Aires in June 2015. If the APAC Hub can address the issue you had highlighted immediately, we will follow-up and update accordingly.

Thank you,

Philadel Yeo,

on behalf of the ICANN APAC Hub
