

# How to use the Wiki Translate Plugin

## Introduction

During the testing of ICANN's New Prototype Wiki Public Comment Forum in January 2012 (see <https://public-comments.icann.org/x/c4GZ>) a translation plugin was installed and tested on that wiki Public Comment Forum.

Feedback was generally positive on the results achieved and ICANN At-Large Staff in conjunction with ICANN's IT staff have completed the installation of the translate plugin on the LACRALO wiki and other At-Large wiki spaces in May 2012.

## How to translate wiki pages

The screenshot shows the ICANN At-Large Wiki interface. The top navigation bar includes links to Dashboard, Board Res, Accountability, Language Services, Projects, GSE, SOACIE, At-Large, Cross Comm, GNSO, ccNSO, and A. The main content area is titled "Calendar" and includes a "Translate" button. Below the title, it says "Created by Dev Anand Teelucksingh, last modified on Nov 07, 2014". The page content is titled "About the At-Large Calendar" and describes the calendar's purpose and the types of meetings it includes. A sidebar on the left lists various categories like Policy Development, ALAC, RALOs, and Working Groups. At the bottom, there is a "SPACE NEWS" section.
