

At-Large ICANN 54 PowerPoint Template Workspace

[Click here to download the powerpoint template below.](#)

Instruction

- We have added additional slide templates to the existing ICANN PPT Template. This is not a new template, only additional slides to provide you with more options for your presentations. We have added more Section Slides, a Calendar Slide, a second Pie Chart Slide, Bar Chart Slides, a Table Slide, Tile Slides, more color options for the icons and the color codes.
- This template is for use in all ICANN Meetings and non-meeting presentations.
- This template works on both PCs and Macs. You can edit it in Keynote, if you prefer Keynote to PowerPoint. It has also been tested in Adobe Connect.
- ICANN's font is **Source Sans Pro**. Please use this font for all ICANN presentations.
- Slide editing instructions are available **in the presenter notes** of each slide. All slide content is editable within PPT. There is also one blank slide included at the end of the PPT for full frame graphics.

Instruction

- You can Copy and Paste this ICANN 54 slide into your ICANN 54 presentation as the first slide, but use the Title Page Slide of the **ICANN PPT Template**, as the second slide, and include the Presentation Name, Event, Date information on that slide.
