

RALO Outreach Strategies for FY16

Dear All,

A key requirement for the [CROPP-FY16](#) is the development on a Outreach Strategic Plan for each RALO.

Each RALO's Outreach Strategic Plan should explain its FY16 outreach goals and planned expectations so that any selected CROPP activities can be coordinated with the appropriate ICANN Regional Engagement teams.

Below are links where Outreach Strategic Plans for each RALO are filed on the CROPP Workspace.
