(1) Definitions map: This is a list of the category definitions included in the gTLD Marketplace Health Index (Beta) and how the definitions map to metrics included in the gTLD Marketplace Health Index (Beta) and metrics that have been proposed for the 1.0 version. This document is provided to the Advisory Panel to inform discussions and feedback surrounding potential changes to the definitions in the beta version, and how changes to the definitions could impact metrics in 1.0.
