Join the Second Security, Stability and Resiliency of the Domain Name System (SSR2) Review Team face-to-face meeting at ICANN59 in Johannesburg! The SSR2 Review Team is examining security, operational stability and resiliency matters relating to ICANN's coordination of the Internet's system of unique identifiers. At this meeting, the Review Team will continue to develop its scope of work and progress its review of background information. Community engagement is critical to a successful review. The Review Team's online and face-to-face meetings are open to the public and the Team welcomes all interested parties to participate as observers, either in-person or remotely. Come along and get involved as an observer! You may join in-person or remotely.
