Action Items: 2017-09-14 AFRALO Hot Topics Working Group Call

Action Items/Notes

Hot topics definition: It was agreed that the topics should be related to ICANN's core function

1. Internet Shutdown and impact on DNS
2. Cyber security and Online safety in one topic
3. Suggestion: How ICANN can contrubute to the 2030 Sustainable Development Agenda? I know this is not a hot topic but it is of great importance to our region.
4. Remote Region Support
5. Public and private IP addresses- to be removed
6. Raising Awareness of the Internet policy issues - with focus on DNSSEC promotion in Africa's registries
7. Cybersecurity, Online Safety, Privacy and WHOIS
8. New gTLD and Geographic names
9. ICANN's accountability and Jurisdiction

- ☑ Mohamed (Mo) Elbashir to continue the online discussion of Hot topics via mailing list and wiki page
- ☑ All members of the WG will discuss online and come up with the Objective and purpose of this group Daniel Khauka Nanghaka, Dave Kissoondoyal and Fatimata Seye Sylla will hold the pen for a first draft to be posted on the wiki page.
- ☐ Seun Ojedeji to coordinate AFRINIC's invitation to AFRALO /AFRICANN meeting face to face in Abu Dhabi
- ☑ Yesim Nazlar to send a doodle out for a call next week.
