from the At-Large Review Process, namely, more effective participation of At-Large members in the policy advice process.

ATLAS III will provide participants with the skills required to effectively represent the best interests of the end users within ICANN.

| ORGANISING COMMITTEE PREPARATION | In August 2018, a small Organising Committee met to address an urgent call about meeting area requirements for the ATLAS event. The CEO approached the Board to request a budget for ATLASIII. The Board approved \$400k (for the venue and 60 travellers). One large plenary room / ALAC meeting room and four breakout areas were reserved for the event. The ATLASIII programme will involve two workstreams: Leadership Development (coordinated by Maureen Hilyard & Alan Greenberg), and Programming (coordinated by Olivier Crepin-Leblond & Eduardo Diaz). Logistics will be coordinated by staff and Sponsorship will be sought independently for any additional activities. | |
